DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Applicant's arguments filed 14 March 2006 with respect to Sondur et al. being directed to "a computer network" on pages 5 and 6 of the response in particular have been fully considered but they are not persuasive. Specifically, Examiner respectfully disagrees with Applicant's assertion that Sondur et al. do not disclose a communications network. Examiner respectfully notes that Sondur et al. specifically disclose that the disclosed network may be "a computer or communications network" and disclose that devices on the network may include "communications devices" including routers (column 3, lines 54-61).

However, Applicant's arguments filed 14 March 2006 with respect to details concerning protocol interface 204, user interface 102, and other elements disclosed by Sondur et al. on pages 7 and 8 of the response have been fully considered and are persuasive. Therefore, the rejections of claims 1-20 over Sondur et al. have been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
